## How to Make a Map in the Virginia Map Room

# 1

## Search for data to add to the map:

- Type a keyword such as "hospital," "poverty," or "education."
- Or use the "Search by Topic" and "Search by Source" buttons to discover available data.

## 2.

#### Add data to the map:

- Click the check box next to one or more data layers.
- Click the "I" button to earn more about a data layer.

D.

• Click the "Add to Map" button to generate the map.

# 3.

### Zoom to a location and explore the map:

- Find a location of interest by using the + and – buttons at the top left.
- Or type a city, county, locality, or zip code into the "Search Location" bar on the top left.
- Click a location on the map to get attribute information.
- Download or share a map by clicking the "Export" and "Share" buttons.
